

**Age Sex Distribution of the Top Ten Percent of Users
Physician Services 1999/2000**
(prepared March 25, 2001)

Notes:

1. Patient age is based on patients' age at the midpoint of the fiscal year, October 1, 1999.
2. This data represents age and gender for the top decile of FFS users for the British Columbia population in the 1999/2000 fiscal year.
3. Individuals with birth dates after October 1, 1999 and prior to April 1, 2000 are counted in the age category 0 to 4.
4. There were 1459 individuals with unknown age or gender in the top decile.
5. Please see [Cautions in interpreting administrative data](#)
