

UE/SMT/32 Gen.

5th February, 1971.

Mr. B.D. Freeman,
Imperial Tobacco Group,
Raleigh Road,
BRISTOL 3.

Dear Mr. Freeman,

The Patents Section at Southampton is issuing a "Weekly Bulletin" containing information concerning Patents granted and applied for which have been published in Official Patents Journals. The countries covered are: France, Germany, U.K., and U.S.A. Derwents Publications are used for information on Belgium and Japanese Patents.

We are enclosing a copy of last week's Bulletin for your information. Due to the postal strike the next issues will be incomplete and only cover U.K. patents until such time when the foreign Official Journals are again received in this country.

Please let us know whether you would like to receive this Bulletin in the future.

Yours sincerely,

Mrs. U. Ende
Patents Officer
