3rd February 1969

B.D. Freeman, Esq.,
Patents Department,
The Imperial Tobacco Group Limited,
104 Temple Street,
BRISTOL, 1.

Dear Mr. Freeman,

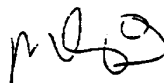

Paper Filters

Following our telephone conversation of Thursday 30th January, I now have pleasure in enclosing some information on the Patent position regarding Paper Filters. The summary entitled "Schweitzer Filters" was originally prepared in April 1962 and has been revised in 1968.

The deleted portion is part of the original 1962 version. The patent survey, which I also enclose, was prepared before my time and has two page 5's, for some reason which I do not understand.

I hope you will find this of interest and will be grateful if you would return the patents survey in due course as this is the only copy I have.

Yours sincerely,

M.G. Ivinson
