555 Filter Kings

Further to our telephone conversation today I have made arrangements to send 5 x 200's cartons of 555 Filter Kings from our distributor in California to arrive with you by 13th December. As far as possible, I have asked for the cartons to be obtained from different manufacturing batches. Please send me a copy of the laboratory results as soon as they are available.

At Mr Duplessis' suggestion, I am also faxing a copy of a recent BTC laboratory analysis report. If the transmission of the latter is not clear, let me know and we will post a copy.

Regards

A R COUSIN
