Re: Information on Smoking Issues

To whom it may concern:

I have received the following pamphlets in the "Smoking issues the other side of the coin" series:

- "Smoking and health"
- "Tobacco smoke in the air"
- "Tobacco advertising"
- "Smoking in public"

I would appreciate receiving any additional pamphlets that may be a part of the series. I would also be interested in receiving more complete analyses of all of the information summarized in these pamphlets, as well as any other information you may have on smoking issues and/or a list of sources.

Please send this information to me at the above address as soon as possible, I am writing an article for the company newsletter and it will have to be completed for the beginning of August.

Thank you for your time and cooperation.
