Dear Mrs Schoenfeld,

Measurement of tobacco smoke components (etc)

I have despatched the above book, which you kindly sent on loan by insured air parcel post today and I enclose a copy of the covering letter.

I trust that you have not been inconvenienced by the delay, due to the need to ensure by the best available means, that you receive the parcel safely. As a further precaution, I also enclose copies of the address labelling and customs despatch note details, as they appear on the parcel, to help identification at your end.

Transit time quoted by our Post Office is 1 - 2 days. This seems optimistic and I'll be interested in the results, for future reference.

Once again, many thanks for your help.

Yours sincerely,

*E*
