Mr. Samuel D. Chilcote, President of the Tobacco Institute in Washington would like to invite the Committee to dinner on the evening of August 28. Would you please let me know if you will be able to attend, so that I can arrange for the invitation to be extended to you.

At the next meeting, we should progress our recommendations to a further stage, may I therefore ask you as a group to confer on a programme embracing all or some of the four suggested areas of research.

It will also be necessary to place a profile on the proposed appointment of a scientific coordinator, an outline of the function and perhaps a suggested location for the appointee.

I have spoken to Dr. Gaisch and suggested that he take the initiative in arranging a meeting prior to the full group meeting in Washington on August 29.

The Rothmans Group have asked to be included in the scientific discussion group, nominating Mr. Peter Brown, Manager, Smoking and Health Research, who is located at Carreras Rothmans Limited, Research Division, Nevendon Road, Basildon, Essex, phone 44/268.22840.
