Dear Dr. Gaisch,

May I confirm that the next meeting of the project team on public/"passive" smoking will be at 10 a.m. on June 4 at the INFOTAB office in Brussels.

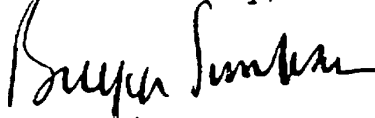

For your information, I am enclosing three documents:

- (1) Update on the review of major published material and bibliography.
- (2) A press release and programme of a recent symposium held in Vienna.
- (3) A copy of a letter from the T.I. statistician (M.A. Kastenbaum) to one of their legal advisers discussing the James Repace article in The Lancet.

I look forward to seeing you in Brussels and, should you be arriving on the Sunday, we would like you to join us for a barbecue.

Please let us know.

Yours sincerely,

Bryan Simpson
Secretary General
