Dear Dr. Thornton,

Review of Nitric Oxide

I enclose the latest draft of the paper for consideration at our next meeting. I have received comments from Callaher today but, since it would delay sending the paper out, these have yet to be incorporated. A copy of their comments are attached. I will endeavour to table a revised paper, incorporating these comments at the meeting on Friday.

I look forward to hearing your views.

Yours sincerely,

Dr. G.R. Woodman
