England

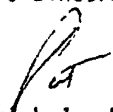

Dear Ray:

Attached are two position papers which we received from RJR by way of the Technical Committee of the CTMC.

Although there is nothing new or unusual in either paper relating to our knowledge of the smoking and health controversy, it is interesting to note the open view which RJR has in regard to topics of such mutual interest. As explained in the covering letter, no public reference of RJR should be made in the use of such material.

With kind regards.

Yours sincerely,

  
Patrick J. Dunn
