 Regent's Park Road  
 Southampton, England SO9 1PE

Dear Ray:

In the October issue of Smoking Issues Literature Review, the format of which we find very acceptable, reference is made on Page 2, Sam Evelyn's note, that the third report of the Independent Scientific Committee is about to be published, or was published October 14th. Would it be possible for you to send us a complete copy of this report? We are interested in seeing not only the text of the report of which we received a draft copy in February of this year but also having an updated and amalgamated list of additives approved by the ISC.

With best wishes,

Yours sincerely,

R.S. Wade
