Dear Ray:

As Pat Dunn is away for this week I felt I should reply to your letter of April 15th. concerning the May Biological meeting. Stewart Massey and I will be attending for Imperial and we will also be participating in the GR & DC programme review the following week. I was talking this morning with Sam Evelyn on another matter and he mentioned that he was aware of our attendance. Since I have been away on vacation the past two weeks and Stewart is also in Florida with Pat I am not sure of what information has been transmitted to GR & DC.

Stewart and I will be travelling together to London arriving at Heathrow May 18th. at 9:15 a.m. on BA072 from Mirabel, Montreal. Stewart has not booked a return flight as yet but I shall be returning from London on May 28th. on AC865 departing at 2:50 p.m. I understand that Sam has booked me into the Polygon Hotel for my entire stay but I do not know if any arrangements have been made for Stewart.

Could you let us know if a car is being arranged to meet us at Heathrow?

Looking forward to seeing you, with kind regards.

Yours sincerely,

Robert S. Wade
