Dear Ed,

HUNTER COMMITTEE

When I returned from Munich, there was a letter from the Department of Health and Social Security telling us that the Hunter Committee at its last meeting, decided to have three further meetings between now and 20th July and hope that following the July meeting they will be able to issue the guidelines on chemical and biological testing. Meanwhile, members of the Industry are invited to have direct discussions with Dr. Hunter.

With kind regards,

Yours sincerely,

S. J. GREEN.
