Dear Bob

A brief note to thank you for your time whilst Ken Sumner and I were visiting Montreal. It was very helpful to talk to you and particularly to learn how integrated you have become with Marketing and other departments in your operations.

May I also register your kind agreement that Herb Rubicek could spare some time to visit us here in Woking when he comes to the UK shortly.

Perhaps Mr Rubicek could let Peter Kangis know the dates he is likely to be available for discussions here so that a programme can be put together.

With kind regards and renewed thanks for your help

Yours sincerely

Peter Roberts
