Dear Stewart,

1987 CONFERENCE ON NICOTINE, BRISBANE, AUSTRALIA

Satellite Symposium of the Tenth International
Congress of Pharmacology
4th-6th September, 1987

The above meeting will be devoted entirely to nicotine. Upwards of 200 delegates are likely to be present. At present the BATCo delegates include Dr. P.E. Thornton, and in all probability, the yet-to-be appointed Senior Scientific Adviser.

The meeting is probably going to be important and I am writing both to draw your attention to it and ask you if you could kindly let me know if you are planning to attend.

With kind regards,

Yours sincerely,

R.E. THORNTON

Enc.

N.B.

If sufficient delegates are going from S.R.G. companies then we can consider whether it would be sensible to have a meeting of the S.R.G. in Sydney.
