H3C 3L6

Dear Pat,

During a visit to Peter Lee to discuss the cohort analysis project I met Geoff Todd, formerly of TAC now retired. Geoff seems to have been involved with Forbes et al of the University of Waterloo. As a result of this connection I have received a copy of a forthcoming paper by Forbes and colleagues which I now enclose for your interest. Please regard it as confidential until published.

With kind regards.

Yours sincerely,

R. E. THORNTON
