RIDOMIL RESIDUES ON CANADIAN TOBACCO

Following our discussion on this subject on 6th January, Cora Ayers has estimated the required effort at 16 Assistant/weeks, and 2 Graduate/weeks, at a cost somewhere in the region of £10,000.

I would have thought that, at this figure, we should offer to collaborate with I.T.L. - presumably you will be writing to Bob Gibb along these lines.

Meanwhile I will see that the subject is taken up during his stay with us in early February.
