Dear Alan:

A very old research report that originated from Imperial, Bristol is of interest here but is missing from our library. If by chance your library can find it we would greatly appreciate a copy. The report is

BRIST Hussey, T.A.
R 208 Filling value improvement: effects of water treatment. Bristol, ITCO of GB & I. Ltd. Ref. No. 208, February 5, 1964.
4 p. plus appendix

With kind regards.
Sincerely yours,

R.M.G.
