18th April, 1972

B. Dansereau, Esq. Q.C.,
 Imasco Limited,
 P.O. Box 6800,
 Montreal P.Q.,
 Canada.

Dear Bernard,

Rotary Tobacco Dryer

I refer to your letter of 10th February and write to inform you that the Specification enclosed therewith has now been fully considered by all concerned with the result that it has been decided not to seek protection for this subject matter in overseas countries.

It is noted that apart from Canada, you have decided to file a patent application in the U.S.A. and I shall be pleased if you will let me have details of both these applications for my records. In the event that you should decide to seek protection elsewhere, please let me know so that my files can be up-dated.

Yours sincerely,

Alec H. ...
