De Souza e Ricc
Case III

Dear Sirs,

Foreign Patents due for renewal in June 1972

Further to my letter of 29th March, we have now heard from Cia. de Cigarros Souza Cruz of Brasil to the effect that they do consider it advisable to maintain Brazilian Patent No. 84885. They have, however, requested that, as we are no longer interested in this invention, it be assigned to their Company and as this proposal is agreeable to us it would be appreciated if you could put in hand this transfer.

All expenses appertaining to this assignment and the renewal of the patent in June next will be for the account of the Brazilian Company.

Yours faithfully,

H A Mann

c.c. Mrs. U. Ende
