Date 5<sup>th</sup> January 1989.

Dear Richard.

Public & Products Liability Insurance.

Thanks for the fax received this morning giving me a copy of the letter you propose issuing to the many companies within BATCo.

This admirably covers all the points we both wished to see put forward. As I recall from the message you left for me, you have also sought the views of your 'Legal' colleagues who are also doubtless happy with the end result.

Leave you to release letter in due course

Regards
