

To: Mr. P. Sheehy

Guidelines 1989

Since I was not able to obtain your approval in time, the Guidelines were not included in the Board papers which were circulated on Friday.

If you agree, I would suggest that the Guidelines should be handed to the Board on Tuesday with a request that you/I should be informed of any comments by the end of this week before they are sent out formally to Operating Groups early next week.

Since the individual Guidelines have all been agreed with the respective liaison directors, I do not anticipate that there will be many comments except possibly from Messrs. Frigon, Butt and Wilson who have not seen the drafts.

Is this acceptable to you?

R. Salter
