Guidelines

Drafts of the covering letter which will be attached to all Guidelines and of the specific Guidelines for BATCo. and Souza Cruz are attached.

I would be grateful if you could check these to make sure that the Financial Guidelines accurately reflect your July paper.

I will let you have drafts for the other Operating Groups as these are completed.

For your information, these are also being checked with the respective liaison directors (plus Martin Broughton for Eagle Star and Allied Dunbar) but have not yet been seen by the Chairman.
