Dear Pat,

Jean-Louis has reviewed the agenda for the February 26 TSRT meeting and recommends that he and Torrance Wylie forego attending this meeting. The two items requiring input from Imperial Tobacco could be responded to by a written report to Dr. Salter. If this approach meets your requirements, we will proceed accordingly.

I would expect that Jean-Louis would attend the next meeting and probably be accompanied by Brian Levin as this would allow Brian to become more familiar with international development and trends. If however there is a need for us to be represented on February 26th, please advise and we will adjust our schedule accordingly.

With best wishes,

Yours sincerely,

*Purdy*
