

NOTE TO THE CHAIRMAN

TOBACCO STRATEGY REVIEW TEAM

Dr Salter has spoken to me about the possibility that potentially price-sensitive information (results) might be discussed at the Tobacco Strategy Review Team on Friday 9th February.

With the exception of the Imasco representatives, those attending the meeting are already Insiders because they are Directors of Operating Groups.

If such information is to be discussed, may I suggest whether it is appropriate that those attending be reminded of their Insider status, and in the case of Imasco, that the representatives be designated as Insiders.

A handwritten signature consisting of the letters "F A" followed by a stylized "B".
