Montreal,
Quebec,
Canada.

6th February, 1980

Dear Mr. Schroeder,

National Adhesive 68-4108 ex Nacan

I understand from National that you are interested in the above adhesive for cigarette side seams on highly porous paper.

From information on its composition supplied by National, the Additives Guidance Panel will have no objections to the use of 68-4108 on side seams. The formal decision on this will await the next meeting of the Panel.

Yours sincerely,

T. G. Mitchell,
Secretary, Additives Guidance Panel.
