British American Tobacco Co. Ltd.,
Regent's Park Road,
Southampton SO9 1PE
England.

Dear Mr. Mitchell,

During the latter part of 1980, we received a letter from you dated November 20th, 1980 [see attached copy] indicating that the formula for our side seam adhesive, R0716, had been examined. No reason could be seen why the adhesive should not be used in this application and a confirmation of this decision was to be sent to Imperial Tobacco, Montreal in December, 1980.

Imperial Tobacco, Montreal does not appear to be able to locate a communication from BAT in late 1980 regarding R0716. We, at Industrial Adhesives would be most appreciative of any enlightening information you might be able to provide regarding the fate of this confirmation.

Yours sincerely,

INDUSTRIAL ADHESIVES
DIVISION OF TIMMINCO LIMITED

Dr. C. P. R. Jennison,
Director of Research
and Development.
