Dear Bob

As you know, we will be holding a Group Technical Exchange meeting at Southampton from 7-11 June 1982 and, with your long experience in Central R&D, your presence would be very welcome.

On June 9, during the middle of the Meeting, there will be an evening function with many of our wives present. I think, therefore, it would be particularly fitting if Mrs Gibb could be with us on that occasion. I sincerely hope that you will both be free to attend.

With kind regards

Yours sincerely
