Just to let you know that the first lot of papers from your bulletins are now in the smoking issues database. To find those above, you can do a "FIND" on the cross ref. field. The abbreviation is SHIB.

e.g. FIND CR=SHIB\*

will find all your records. The \* cross ref. field is entered as:

SHIB;001;870325		
↓	↓	↓
Smoking+health bulletin	bulletin no.	bulletin date.

Hope this is O.K. with you.
