Sydney 2000  
Australia

Dear Mr Nicholls

SRG Newsletter

Enclosed is the second number of the SRG Newsletter, and a list of the category names currently being used. Following the recommendations of the recent meeting of the SRG (Chelwood, January) several papers referring to DNA adducts, free radicals and cadmium have been included. As always your comments will be appreciated. Thank you for your comments on the newsletter and the list of ATR projects. This time round, only the front pages are enclosed. Unfortunately I shall be in Germany the week you're in Southampton, otherwise we could have arranged a meeting.

With kind regards

Yours sincerely

Dr Sharon Boyse
