Dear Mr Nicholls

SRG Newsletter

As Ray Thornton will recently have informed you, I am proposing to compile and circulate an SRG newsletter/information bulletin on smoking and health, with no less than monthly frequency. The first such attempt is enclosed, and I would be extremely grateful for any comments that you may have. The current format includes both a summary of studies of interest and a copy of the published papers. If you do not find the papers helpful or necessary (for instance, if you are likely to receive them from another source) then please let me know. I would also be happy to know if there are any areas on which you would like more information. If there are any other matters of interest to the SRG that you would like to see added to the newsletter, then please let me know

I look forward to receiving your comments.

With kind regards

Yours sincerely

Dr Sharon Boyse
