

RD.525-R

RESEARCH AND DEVELOPMENT ESTABLISHMENT

TO Dr. S.J. Green,  
Research & Development,  
Millbank.

FROM Dr. I.W. Hughes.

REF IWH/JP/61.

DATE 16th January, 1969.

Enclosed are four copies of Report No. RD.525-R, which describes our work on the soluble nitrogen fraction in tobacco. Of the recommendations made in the report for further work, we are proposing initially to undertake the investigation of the polyphenol-nitrogen compounds.
