A STATISTICAL ANALYSIS OF THE INCIDENCE OF TUMOUR-BEARING
ANIMALS IN JANUS EXPERIMENT B5

REPORT No. RD.1121-R

This report is concerned with the analysis of JANUS B5 and has been prepared for incorporation by BATTELLE in their report on this experiment.

Dr. Evelyn has seen this report prior to issue and I have restricted the circulation to a single copy for yourself with two copies for Dr. Felton (one of which Dr. Evelyn will forward to BATTELLE).
