NON-TOBACCO FILTERS

FREE is a new experience in smoking. After years of research, we have developed a Non-Tobacco smoke that is totally free of nicotine. Selected from the tender outer layer of the smoked cocoa bean, the natural ingredients of FREE are ground and toasted to create a mild taste and a unique, crisp and strong. Remember how it feels as you get used to smoking cigarettes? Give yourself time to get acquainted with the new taste of FREE. You will enjoy our pleasure.
