Dear Dr. Bilimoria,

Thank you for your letter of 30th April which arrived, opportunely, the same day as Dr. Hogg. I am most grateful for the background information.

Dr. Hogg has given us at Southampton an excellent account of his work and will be repeating it at Harrogate on 10th May.

I apologise for the brevity of my reply, but I hope to be seeing you shortly and will try to give you a verbal report then.

With kind regards,

Yours sincerely,

D. G. Felton
