Dear Geoff:

We have been accumulating the following information from the Cigar Research Council to forward to you:

- 1) Minutes of the Fourteenth Meeting of the CRS Scientific Committee, January 16, 1973.
- 2) A Conference Report from John L. Hicks on the Working Session on Tobacco Smoking Inhalation Carcinogenesis, Bio-Assay Technology - National Cancer Institute (November 19, 1972) and the covering letter dated February 12, 1973.
- 3) A copy of the programme, list of the attendees and a set of abstracts of the papers from the CRC Research Seminar, February 7-9, 1973, under covering letter of March 1, 1973.

We have not yet received a copy of the Minutes of the Fifteenth Meeting of the CRC Scientific Committee, held on February 7, 1973, but will forward them to you as soon as they become available.

With kindest regards,

Yours sincerely,
