Dear Jim,

I enclose a photocopy of a letter we have received today from Dr. Dollimore, together with the fly-bill for the Gatlinburg Conference. Although Dollimore's letter is dated 22nd February, it was only posted on 12th March in Salford.

My reason for sending it to you in Canada was to afford you the chance of discussing with ITP (or Leo) the desirability or otherwise of Canada offering finance to Ainscough, particularly as he is now resident in Canada.

I have passed the article over to the labs for their comments. Ainscough acknowledges financial help from B-AT.

I will meantime send Dollimore a holding letter.

I hope your trip goes well and that the snow at The Viking is not too deep!

Best wishes to everyone.

Yours sincerely,

D. G. FELTON
