Brent's Park Road,
Millbrook,
Southampton.

22nd February 1973.

Dear Sir,

I enclose an article to be presented at this year's Carbon Conference on 4th-8th June at Gatlenburg, Tennessee. The work is the result of studies sponsored by your firm with a maintenance grant to Dr. A. N. Ainscough. Dr. Ainscough will present the paper (he now resides in Toronto) but I would be grateful if you would consider financing his travel expenses from Toronto to Gatlenburg for the purpose of attending the Conference and presenting the paper, as we have no other means of financing this venture.

Yours sincerely,

D. Dollimore

D. DOLLIMORE, B.Sc., Ph.D., FRIC, J.P.
Reader in Physical Chemistry.
