Dear Bob,

Thank you for your letter of 21 February with the enclosures. Today I received a copy of the Technical Bulletin direct from Freddie Homburger. I have not had an opportunity to study it as yet, but I shall do so.

Thank you also for the comments on the latest Canadian TPM and nicotine data from Forbes. It is interesting to learn that your lab figures agree closely with Forbes'. I would guess that your suggested explanation for the few discordant figures is very plausible.

With kind regards,

Yours sincerely,

D. G. FELTON
