England.

Dear Sir,

I forwarded you yesterday a copy of correspondence with Dr. R. Harrison, Professor of Head, Department of Surgery, Faculty of Medicine, The University of British Columbia, Vancouver. You will note that Dr. Harrison is requesting financial support to carry out a proposed research project on, "The Effects of Cigarette Smoking and Intravenous Morphine on Gastric Secretory Responses of Duodenal Ulcer Patients".

Before submitting this proposal to the Canadian Tobacco Manufacturers Council, I would appreciate receiving your comments.

With kind regards,

Sincerely,

L. Laporte.
