DISCLOSURE OF INFORMATION TO T. R. C.

Sir Charles has told me of his conversations with Doctors Felton and Hughes over Reports RD. 282-R and RD. 283-R, and I note that the latter is considered suitable for passing over to T. R. C. if pages 8 and 9 are removed and some changes are made to the names of the tobacco titles in the table on page 3. I concur with this and if you would prepare a suitable edition and pass it over to Mr. Todd, letting me know when you have done this, I should be grateful.

With regard to Report RD. 282-R, I gather that this is not considered suitable in its present form, but that you could have a more general write-up of the information therein contained, consolidated with other information in the same field, which would be suitable for giving to T. R. C.

C/S

As we are anxious to do everything we can to demonstrate our willingness, both to T. R. C. and to the other member companies, to disclose information, I should like you to have the information on pipe smoking written up into a suitable form at the earliest opportunity.
