

BRITISH-AMERICAN TOBACCO COMPANY, LIMITED

P.O. BOX 482, WESTMINSTER HOUSE, 7, MILLBANK, LONDON, S.W.1.

To	Dr. D.G. Felton SOUTHAMPTON	From	H. D. ANDERSON
		Reference	HDA/JAB/46D
		Date	25.7.1961.

CIA
HGH

You will recall that we sent cigarettes prepared by the Bonnet and Neukomm Process to our friends in Canada, with the request that they examine them for tar, nicotine and 3.4 Benzpyrene in the mainstream smoke.

I am now sending their final report detailing their findings, which are in line with our experience that the Benzpyrene content increases rather than decreases with this treatment.
