

SIR CHARLES ELLIS,
MILLBANK.

D.G. FELTON,
SOUTHAMPTON.

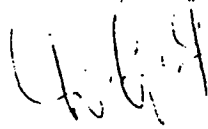

DGF/BMS/46D

30th July, 1962

Dear Sir Charles,

I enclose a draft of the note to be submitted to I.M.S.C. on the proposed study of ciliary activity on which Todd could, presumably, work to put a firm proposal before I.S.C. I would be grateful for any comments which you may wish to make, or items which you wish to see included. Alternatively, you may wish to re-draft the proposal.

Yours sincerely,

D. G. FELTON
