

DR. S. J. GREEN,
RESEARCH & DEVELOPMENT,
MILLBANK.

D. G. FELTON

DGF/VC/68

18th January, 1968

I enclose seven copies of the Quarterly Report covering the period October to December, 1967, together with Copy No.19 for Mr. Davies of S.C.L.

Following your letter of 13th October, we have made the following amendments to the format:

1. The list of visitors and the staff section have been included only in Mr. Hobson's copy and your own.
2. Work on Synthetic Smoking Material is on a separate page (Page 22a) and this has been removed from all copies except those for Millbank and those going to Canada, U.S.A., Australia and Germany. Should you wish to delete it from any of the Millbank copies, could you please let us know for future occasions.
3. Mr. Brock, Leaf Department, has been added to the distribution list.
4. The Patents Folio is revised quarterly, at the time this report is prepared, and the information is therefore common to both.
