At the time of the March review meeting in Southampton, we raised several ideas for the location and timing of the next RPG. I have delayed the decision on this issue pending various discussions at the TSGM meeting but can now indicate that we are planning to hold the meeting in Germany (location yet to be finalised, but hopefully Berlin), in the week immediately preceding the Coresta Symposium in Greece. I would be grateful at this stage if you could hold available that week viz. week of the 1st October, and will let you know as soon as possible when these plans can be confirmed.

Clearly, this will be an ideal opportunity for those attending to participate in at least part of the Coresta Symposium, but I suggest if you intend to do this you take steps to make your bookings as soon as possible.

With kind regards,
Yours sincerely,

A.L.
