Returning to the above mentioned subject, we would like to inform you the following :

- a) You will find enclosed our proposed agenda. Please make any corrections, if you feel necessary, and return it to us as soon as possible, or send us a telex with your agreement.
We would be grateful if the delegates from Germany and United States could indicate to us who is going to present the different topics.

During all the conference we will use sport clothes.
We would like to remind you to bring bathing costume or bermudas as we will have a boat trip on the 16th. October, Sunday. The temperature should be between 25º and 30ºC.
