Dr. R. B. Griffith,  
P.O. Box 659,  
LOUISVILLE 1.

Dear Bob,

JANUS AF SAMPLE

Thank you for your letter of December 20th regarding the air shipment of the 200 lb. sample of JANUS AF, and for the copies of shipping documents sent on your behalf by Mr. Biggers. We will now go ahead and clear this material through Customs at London Airport. Thank you for your help in this respect.

You warned in an earlier letter that the yeast fermentation had given you some trouble in that the sugar level was not reduced sufficiently. I assume from your letter that you were able to overcome these difficulties in the end. Do you have any analytical data on this tobacco which would help us in the manufacture and calculation of smoke yields?

With kindest regards,

Yours sincerely,

C.c. Dr. S. J. Groen

L. C. Laporte, Esq.,  
P.O. Box 6500,  
MONTREAL 30.

Dear Leo,

PCL SAMPLE FOR JANUS

Thank you for your letter of December 19th telling me that the full shipment of the PCL sample was being despatched that day from Montreal for St. John, New Brunswick, and would be reaching us by about January 12th. In these circumstances, I think we would be able to cope with the manufacture for a toxicity test, should it be decided to substitute the PCL for AIRFERM. In fact, I have heard today from Bob Griffith that the first shipment of the JANUS AF sample was made about the same time as yours.

I am sorry if my later request, which crossed with your earlier letter, caused consternation in the camp!

We look forward to receiving the necessary Bills of Lading and Invoices from Cort Brown in due course.

With kindest regards,

Yours sincerely,

C.c. Dr. S. J. Green
