Could we have the following filters and cigarettes by November 20th, 1966.

Filters

500 rods of the following filters - P.D. 3 cm W.G. for 15 mm.

- (1) Plain paper
- (2) Paper + 10% zinc acetate
- (3) Paper flock (bonded)
- (4) Paper flock + 10% zinc acetate
(bonded)

It is important to keep the P.D. constant for all 4 types.

Cigarette

These filters will be required for attachment to 80 cigarettes and 250 cigarettes with each filter are required (filter length 15 mm).
