Frankfurt am Main W13,
Wiesbadenerstrasse,
W. Germany.

Dear Dr. Miedreich,

Vaccination against Estromelia

Thank you for your letter of 29th April, 1966. We agree with your conclusion that it would be wrong to vaccinate the mice against estromelia and look forward to your comments on a possible serological examination of the mice. We have had confirmation from Harrogate that in their experiments the mice are not vaccinated.

Yours sincerely,

C.I. Ayres
