

Item 2 (c)

BRITISH-AMERICAN TOBACCO COMPANY LIMITED

NOTE

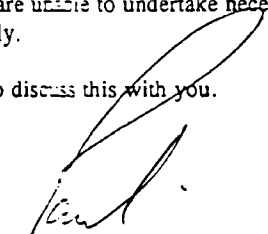

TO : B. BRAMLEY
CC. J. REMBISZEWSKI
FROM : P. BINGHAM
DATE : 14th February 1992

I attach a progress report on the TSRT Information System.

I am concerned about B&W's attitude and commitment to this project. They have just refused a visit by myself and/or the Project Manager to establish and agree clear implementation and action plans.

The project will not succeed if we are unable to undertake necessary discussions with the other Operating Groups, and quickly.

I would welcome the opportunity to discuss this with you.
